

# oakton

A DIMENSION DATA COMPANY

JONGMIN KIM  
CONSULTANT

## Experience

- 4 Years at Oakton
- 5 Years in IT

## Industry/domain

- Cooperative
- Government
- Digital

## Expertise

- JavaScript
- CSS3
- HTML5
- UI/UX prototyping
- Sitecore
- Angular JS
- Cross-browser compatibility

## Roles and responsibilities

I am an experienced consultant with 5 years working within the IT Industry across multiple business domains including automotive, services, information technology and government.

I also have a bachelor degree of information technology and have been certified as a developer programmer by ACS and a Sitecore developer.

I have particular strengths in front end development. I have worked on a variety of projects maintaining, developing and integrating Australian websites and web services using latest technologies.

I have worked on a range of UI/UX prototyping, front end development, technical consultation, source code management, technical documentation and estimation.

In my most recent roles, I worked as a web developer for the Get Healthy at Work website enhancements project team. During the project time, I did the following tasks; technical advices on existing system analysis, UI implementation, evaluated technical feasibility, researched and used his .Net and Sitecore skills to meet the requirements and timeline, developed and integrated web site on Sitecore CMS, and produced documents.

I have worked with key companies such as; Toyota, NSW Health, Dimension Data, Thrifty, Hyundai, Avant Mutual, Get Heathy at Work

## Previous experiences

Prior to joining Oakton, I have worked for digital agencies as a front end developer.

## Education

- Bachelor of Information Technology, University of Canberra (2013)
